Subject: RE: Georgia Power's Petition of Wansley Title V Permit

Art,

Thanks so much for your patience and gentle reminders. I have followed up with the appropriate parties within Georgia Power and can confirm that we agree to withdraw the petition for Plant Wansley's Title V Permit No. 4911-149-0001-V-02-0, because that permit has since been superseded.

Please let me know if you need anything further from Georgia Power at this time. Hope you and your family and colleagues are staying well during this time!

Thanks.
Rosa
