Summary: This rule makes technical corrections correct or clarify specific provisions in the existing hazardous waste regulations that were promulgated in the Hazardous Waste Generator Improvements rule, the Hazardous Waste Pharmaceuticals rule, and the Definition of Solid Waste rule. This rule also makes other minor corrections that fall within the same sections of the hazardous waste regulations but are independent of these three rules. Examples of the types of corrections being made in this rule include, but are not limited to, correcting typographical errors, correcting incorrect or outdated citations, making minor clarifications, and updating addresses. Technical corrections to sections 262.16(b)(1) and 266.505 are made pursuant to HSWA authority. The rule preamble provides a detailed explanation of each correction or other change. On December 6, 2023 (88 FR 84710), eight specific amendments to these provisions were withdrawn. EPA may reinstate or further amend these provisions through a subsequent Federal Register Notice.

State Authorization: This rule is placed in RCRA Cluster XXXII. There is no State modification deadline.

Attorney General (AG) Certification Guidance: An Attorney General's certification of statutory authority is not necessary.

Incorporation by Reference Guidance: None
